

Certificate Verification Summary

Requesting Entity: Employer_Portal_77B3

Status: **VALIDATION FAILED**

Reason for Failure:

A critical mismatch was found, despite several points of authenticity.

- **Layout Check:** The document's layout and structure match the official certificate template.
- **Data Check:** The text and data on the certificate match the official blockchain record.

Extracted Data :

University Name : Global Institute of Technology
Certificate Holder Name : Aswathi Pillai
Course : MACHINE LEARNING
Grade : A
Roll No : 76382
Certificate ID : HG9835

- **Visual Check:** The university seal/stamp on the document shows clear signs of digital alteration.

Conclusion:

The certificate's visual integrity is compromised. It appears authentic data has been copied onto a forged document.

Recommended Action:

Do not accept this document. We advise conducting a manual verification directly with the issuing institution.
